## You Were There

Just as the old CBS network had a show with this title, I think First Christian needs to carry this as yet another parenthesis for our name:

First Christian Church  
(Disciples of Christ)  
(Folks Who Are There).

For some reason the last few weeks of 2015 have seen several of our members experiencing difficult times. We have had illness, medical procedures and surgeries; family issues and lots of church related activities.

Without fail, you as a congregation have undergirded my "pastoring" with your praying, your visits and your concern. What better ministry could a congregation have!!

I have found this outpouring of concern is not unusual here within the community of First Christian. When I visit someone at home, I hear that members were there before and following my visit. I see evidence that members have sent cards or other symbols of their concern. You have also reached out to me with your Christmas cards and gifts. I appreciate all that you have given me, but the greatest gift has been the support you as a congregation have given to our ministry together.

We are a concerned community. Let us continue this ministry in the New Year and in years to come.

Thank you for allowing me to be your Interim Minister,  
Dann
