Larry's Lines:

\*Christmas has come and gone, but I trust the spirit of it will continue every day. The love that God gave us through Christ should be the guiding force of our lives as we minister to others in His name.

\*Speaking of ministering, I trust that you are still pondering what you can do for those who experienced tornado damage. I understand if you are overwhelmed by the need and just do not know for sure what to do. You can always be used. Here are some ways.

- Pray for our neighbors and the many responders who are working tirelessly in response to this disaster.
- Give. The greatest need is for money. It is the most efficient and flexible donation we can make, that reduces waste and hassle, as communities and partners can use the money when they need it for exactly what they need, leveraging connections to make dollars stretch farther. This recovery will also involve significant rebuild needs, and money is useful now and throughout the whole of recovery.
- You can give to local relief by contributing to the Logan County Ministerial Association. There is an account at First Southern National Bank or you can give a check to the church and we will send what is given to the Ministerial Association.
- If you would like to give to aid Christian Churches in the West Area that have been affected you can also give through the church, designating it as Tornado Relief. We will forward to the West Area office.

\*And lastly, I want to thank you for the Christmas gift you gave me. I appreciate it very much.

In Christ,

Larry
