Here is a story about a man who was fired from the highway department. He was hired to paint the lines down the middle of the highway, and the first day, when he painted 15 miles, his supervisor was ecstatic. Then the next day he only painted four miles, and the next day only a quarter of a mile, and the supervisor called him to find out why the big difference in his productivity.

“How come you only painted a quarter mile yesterday?” his supervisor asked. “Well, to tell you the truth,” the man replied, “I just kept getting farther and farther away from the can.”

There is a great lesson to learn from this story. The source of his productivity was the can because it had the paint. Without the paint he couldn't do his job.

Jesus Christ is our source and we are completely helpless without Him. How far away is he in your life? Our Lives have been disrupted in the last several months and our normal routines have drastically changed. Have you let the current events draw you away from the ultimate source Jesus Christ? If so, remember the **CAN** didn't move.

We hope this newsletter finds you healthy and blessed. We started back in person worship last Sunday and hope that you will feel safe to come back and worship with us each Sunday. We have taken all the necessary safety measures to make sure that coming to worship is much safer than going to any other public place. Not only are we social distancing but also everyone is wearing mask. Someone asked me, how long will we have to continue with all the safety measures? My answer is until there is a vaccine. We can do one very important easy and simple thing PRAY!!!

We will continue Facebook live each Sunday @ 10:45.
